

## Introduction

Per First Steps legislation (Section 52-152-70 (A)), each First Steps Partnership Board shall bring the community together to identify the area needs related to the goals of First Steps, develop a strategic long-term plan for meeting those needs, and then develop specific initiatives to implement the elements of the plan while integrating service delivery where possible. The partnership board is responsible for overseeing the implementation of the partnership's comprehensive strategic plan, which shall include direct service provision, contracting for service provision, and organization and management of volunteer programs. In addition, each partnership's comprehensive plan shall include the following core functions:

- a) service as a local portal connecting families of preschool children to community-based services they may need or desire to ensure the school readiness of their children;
- b) service as a community convener around the needs of preschool children and their families; and
- c) support of state-level school readiness priorities as determined by the State Board.

Needs and Resources Assessment: Each local First Steps partnership undergoes a community needs and resources assessment process every three years, in consultation with its local board, staff, clients and partners. A description of this process can be found online at <http://scfirststeps.com/fy-17-needs-and-resources-assessment/>.

Alignment to State First Steps Priorities: Each local First Steps partnership is a non-profit organization created in legislation in support of the statewide First Steps initiative, which is governed by a state board of trustees and supported by the State Office of First Steps. Each local plan aligns with the priorities of the South Carolina First Steps Strategic Plan, *Vision 2020* (<http://scfirststeps.com/resources-and-state-reporting/>). These priorities are:

- Increase access to quality early childhood programs and resources
- Enhance leadership development and capacity building
- Strengthen interagency accountability and public-private collaboration

Support for First Steps Legislative Goals: The strategic goals of this comprehensive plan support one or more goals of the First Steps initiative, as defined in state legislation (<http://www.scstatehouse.gov/code/t59c152.php>):

1. "Provide parents with access to the support they might seek and want to strengthen their families and to promote the optimal development of their preschool children;
2. Increase comprehensive services so children have reduced risk for major physical, developmental, and learning problems;
3. Promote high-quality preschool programs that provide a healthy environment that will promote normal growth and development;
4. Provide services so all children receive the protection, nutrition, and health care needed to thrive in the early years of life so they arrive at school ready to succeed; and
5. Mobilize communities to focus efforts on providing enhanced services to support families and their young children so as to enable every child to reach school healthy and ready to succeed."

Promotion of South Carolina's Definition of School Readiness: The goals and objectives of this comprehensive plan promote one or more descriptions of school readiness (Ready Children, Ready Families and Caregivers, Ready Schools and Educators, Ready Communities) as defined in South Carolina's Profile of the Ready Kindergartner (<http://www.ican.sc>), adopted in 2015 by the South Carolina First Steps Board of Trustees and the South Carolina Board of Education as the state's readiness benchmarks.

## 2 Ready Families and Caregivers

*Ready Kindergartners have the foundation of family and caregivers who:*

- 2A Provide safe and loving home environments in which children can grow and develop optimally.
- 2B Ensure that their children's pediatric health and dental needs are regularly addressed.
- 2C Create "language rich" homes in which conversation and written literacy are modeled daily.
- 2D Ensure that their young children receive adequate rest and a healthy diet.
- 2E Expose young children to regular and varied learning experiences in and out of the home.

## 3 Ready Schools and Educators

*Schools and educators for the Ready Kindergartner:*

- 3A Understand that each child develops on a unique timeline.
- 3B Are prepared to meet the unique, individual needs of all students.
- 3C Are highly knowledgeable in both child development and the progression of early learning.
- 3D Provide the social, emotional and academic supports needed to advance their students abilities.
- 3E Create emotionally safe and nurturing environments that are free of stress.
- 3F Are equipped to support the needs of their students' parents and caregivers.

## 4 Ready Communities

*Communities that support the Ready Kindergartner:*

- 4A Provide access to the resources necessary to ensure good health and optimal physical, social/emotional and cognitive development.
- 4B Create environments in which children:
  - o Can grow and develop in the absence of fear, stress, danger and hunger.
  - o Have access to needed pediatric, dental and mental health resources.
  - o Spend their days in nurturing, language-rich, and developmentally supportive environments (whether a loving home, a high-quality early education setting or both).
  - o Are cared for by loving adults attentive to their physical, emotional and developmental needs.

### South Carolina's Definition of School Readiness (Section 59-152-25 (G))

"School readiness' means the level of child development necessary to ensure early school success as measured in the following domains: physical health and motor skills; emotional and social competence; language and literacy development; and mathematical thinking and cognitive skills. School readiness is supported by the knowledge and practices of families, caregivers, healthcare providers, educators, and communities."

Thank you to Clarendon County First Steps' (CCFS) Partnership Board, staff, vendors, volunteers, and others for your input in developing this plan!

CCFS' Comprehensive Plan reflects months of information gathering from various sources that include Clarendon School Districts One, Two and Three, Wateree Head Start, the Santee Lynches Regional Council of Government, and members of Clarendon County's child care community, among others.

CCFS plans to continue to maximize limited resources by partnering with existing organizations to expand and/or implement research-based programs and services that are likely to improve preschool children's readiness for school. Data Banks, such as Child Trends, have been beneficial in helping the Partnership to determine direct and indirect interventions that have been successfully implemented to address school readiness in young children.

While we believe we are doing a good job in implementing quality school readiness programs and services, CCFS plans to expand partnerships to include organizations such as United Way, the local hospital, pediatric offices, churches, civic organizations, etc. so that we can impact as many of Clarendon County's preschool children as we can. It is not going to be an easy job, but together, pooling all of our limited resources, we can do it!

Again, thank you to all who contributed to the development of CCFS's Comprehensive Plan!

CCFS' Comprehensive Plan was approved on January 25, 2018 by:

## Vision, Mission, and Values

Source: *Guiding Principles and Best Practices for South Carolina Nonprofits, 4<sup>th</sup> Edition* (TogetherSC, 2017)  
<http://www.togethersc.org/?page=GPBP>

In order to engage in strategic thinking that steers the organization in a **mission-focused direction**, the local partnership board must clearly define its mission, vision and values and use these statements to guide planning and action.

Mission and vision statements capture the essence of your organization's beliefs and values, and define its place in the world. A **vision statement** explains the overall goal of your organization looking into the future, while the **mission statement** outlines the present plan to realize the vision.

### VISION

**SC First Steps Vision 2020 Vision Statement**

Every South Carolina child will be prepared for success in school.

- The partnership board adopts the following vision statement for its 2018-2020 Strategic Plan:

**Clarendon County First Steps Vision Statement**

Every child in Clarendon County will be prepared for success in school!

---

### MISSION

**South Carolina's First Steps' 2020 Mission Statement**

Collaborating with other entities, First Steps helps South Carolina families and caregivers prepare their children for school success by maximizing public and private community resources to deliver, enhance and expand high-quality early childhood services.

- The partnership board adopts the following mission statement for its 2018-2020 Strategic Plan:

**Clarendon County First Steps Mission Statement**

Clarendon County First Steps will partner with organizations within and outside of Clarendon County to leverage and maximize resources to provide quality, research-based programs and services that will prepare Clarendon County's preschool children for success in school and in life.

## VALUES

### SC First Steps Vision 2020 Core Values

- The years of early childhood are a critical window of development during which much of human potential is shaped.
- Families are the single most important influence on the development of their young children.
- The work of supporting families and caregivers is a collaborative effort between state and local stakeholders within the public, private and faith sectors.
- School readiness is the result of a child's development in many areas, with each contributing to the child's success.
- Services must be individualized and adaptable to meet the unique needs of children and families.
- We value, and demonstrate in our collaborative work and advocacy, diverse perspectives in the development of public policy and programs.
- To achieve desired results, services must be high-quality and grounded in strong evidence. First Steps operates within a culture of accountability.

The partnership board adopts the SC First Steps Vision 2020 core values for its 2018-2020 Strategic Plan.

## STRATEGIC GOALS

Strategic goals set the direction for how the organization intends to implement its mission and address the needs of its focus population(s) for the duration of the plan.
